RECIPE

How to Pass Online Multimedia

Ready in **4 months**

Serves ca. **170 people**

100 points

Ingredients

All

- PHP, mySQL
- jQuery
- MetaData
- MPEG 7
- ePub, HTML, CSS

Major Subject Only

- VanillaJS
- NodeJS, Express, Passport
- Polymer

Preparation

1. **Start early on.**
2. Visit tutorials regularly.
3. **Ask if something is not clear.** By forcing yourself to make up a question, you reflect on your own knowledge. Sometimes you get inspired once the question is just pronounced.
4. **Do the weekly assignments**. The solution does not have to be complete nor perfect. Hand in whatever you have done.
5. If you find the tutorials too easy, help your colleagues. What goes around, eventually comes around.
